Dear Friends

For 20 years young talented musicians traveled to the Swiss town of Morges, Switzerland to study in master classes, perform chamber music and improve their instrumental skills at the Cours International de Musique.

The town council of Tata and the government of Komárom-Esztergom County are extending their hospitality and support to help us continue the tradition that was established in Morges. Join us once again in the relaxed atmosphere of small-town Hungarian hospitality and work with an experience and well-known international faculty.
