On behalf of the Board of the Ferenc Liszt Society in Poland we wish to thank you for free-of-charge providing of servers and modernising our website by applying a system which enables quick access to thousands of facts and photos included in over 1400 source sub-pages in Polish and English.

Thanks to you competence and kindness we are now able to provide in an optimal way information on our activities which featured over 2370 artists, teachers and students from 44 countries in the span of 24 years.

The Society has no office workers, and its activity is mainly based on the social contribution of its members and financial support from various levels of authorities, numerous institutions, companies and individuals; therefore, we have significantly limited capacity to commission paid services.

You greatly helped to promote the information about our activities by administering our website for the last nine years.

Thank you once again and we look forward to further cooperation and assistance.

Yours sincerely
